**INFORMED CONSENT**

When a patient seeks chiropractic care & agrees to the care, it is essential for the patient and CP to be working toward the same objective. We do not offer to diagnose or treat any disease or condition other than vertebral subluxation and its associated conditions; however, if during the course of examination we encounter non chiropractic or unusual findings, we will advise you. If you desire treatment of those findings we will recommend that you seek another healthcare provider. Risks & complications due to chiropractic treatment are rare but do exist. Patient does not expect the Dr to be able to anticipate & explain all risks & complications, & does wish to rely on the Dr to exercise judgment during the course of treatment which will be in patient's best interest. There is no guarantee that any illness, injury or disease can be prevented or cured by participation in chiropractic treatment.

In an effort to maintain compliance with various state & federal regulations, managed care and preferred provider agreements, as well as billing and coding guidelines, we have adopted the following.

- Our clinic has adopted a single fee schedule that applies to all patients for each service provided.
- You may be entitled to a network or contractual discount under the following circumstances:
  - We are a participating provider in your health plan.
  - You are covered by a State or Federal program with a mandated fee schedule.
  - You are a member of ChiroHealthUSA, or any other Discount Medical Plan we may join. Patients who are uninsured, or underinsured (limited benefits for chiropractic care), may join ChiroHealthUSA in our office and will be entitled to network discounts similar to our insured patients. Membership is \$49.00/year and covers you and your dependents. Ask our staff for more information.
  - Patients who meet state and/or federal poverty guidelines or other special circumstances outlined in our "Hardship Policy" may be offered a discount for a period of time as determined by the clinic.
- Cash Accounts
  - Services must be paid in full at the time of services are rendered unless other arrangements are made.
- Medicare Insurance
  - We will file claims to Medicare with benefits being paid directly to Chiropractic Plus, according to reimbursement guidelines. Medicare limits chiropractic reimbursement to manual manipulation only and reimbursement is based on medical necessity. Patients will be responsible for deductible amounts, non-covered, and any denied visits which exceed Medicare guidelines.
- Major Medical/Auto Insurance and PPO Benefit Plans
  - Our staff will try to verify your insurance coverage & benefits for you, and will rely on information regarding benefits & limitations of your insurance as we are told by your carrier. However, we cannot guarantee payment and coverage to be completely accurate and true as told by your insurance carrier. Payment for co-pays, deductibles and any amount not covered by your insurance is to be paid at the time services are rendered, unless other arrangements are made with our staff.
- Worker/Industrial Industry
  - Treatment costs must be pre-authorized for full payment by employer or workers compensation insurance carrier. Fees will be charged at the State mandated fee schedule.
- Orthopedic supports/Vitamins/Supplements and supplies
  - To be paid in full at the time of service is rendered or dispensed unless prior arrangements are made as part of a treatment/care plan.
- Payments accepted by the following method:
  - Credit cards, Visa, MasterCard, Discover, American Express, Care Credit
  - Electronic Funds Transfer (ACH) set up automatically from a checking or savings account
  - Payment plans available when pre-approved by staff.
- We do not want misunderstandings regarding your bill, obligations to pay or terms of when payment is due. All balances owed past 90 days will be sent to a collections agency for which you are responsible for any and all collection, court and attorney fees charges.
